

## **Refund Policy**

Please be aware that our products are digital gift card codes that, once bought and delivered, cannot be returned or refunded. Therefore, please ensure that you select the correct product, with the appropriate country code and/or currency before making your purchase. We are unable to accept returns, refund, or exchange products that have already been paid for and delivered. This policy is in place because we cannot guarantee that a code, which is immediately delivered after purchase, remains unused. Thank you for your understanding!

However, we do offer a warranty on the redeemability of the digital codes we deliver. If the delivered code is not working, we will make every effort to assist you in resolving the issue. Our customer service can be reached either via email at [support@omnikado.com](mailto:support@omnikado.com) or through the chat feature on our website.

For further details regarding our return policy, please refer to our terms of agreement.
